Reference

The United States Air Force, United States Air Forces in Europe utilized the company Slider Technologies Sp. z o.o to perform the following work efforts at Łask Air Base in Poland:

- **Supply and installation of an air conditioning system for a communications room**
- Total cost of work: \$9000.00
- Delivery time and the installation: June 2021

The company ensured all efforts were done exactly as described and finished ahead of schedule. The account manager for the work was on site to ensure that we as the customer were happy with every aspect of the installation and ensured the work was done to the contracted standard. The team of installers were at the highest level of professionalism. They carried out the work efforts in a safe manner while maintaining a clean work environment. All work was done to the high standard we expect and the USAF paid for.

If the Slider Technologies Sp. z o.o were to be awarded future contracts it would be a pleasure to work with them again.
